EAT NAVAL BATTLE S HOURLY EXPECTED

e Entire World Awaits News With Much Anxiety.

VE FAITH IN ADMIRAL TOGO

Petersburg Believes that the Engagement Will Result Favorable to Russia and the Tide of War Will Turn—Whereabouts of Fleets.

Amsterdam, April 11—A dispatch to e Hanrelsblad from Batavia, island Java, says that a Russian squadron near Munto and that it is expected arrive at Batavia today.

News from Singapore.

Singapore, Straits Settlement, April —The latest information in regard the Russian squadron, commanded Rear Admiral Enquist which passed re Saturday afternoon was brought re today by the British steamer regory Apear. The latter yesterday ghted the Russian ships 20 miles rtheast of Manki, one of the islands the Anabas group about 150 miles rtheast of Singapore. The Rus ans were at anchor when the Greg y Apear passed them.

Information has also been received ere to the effect that four warships parently Japanese, were off Cau James, near Saigon, April 7.

Japs Have Faith in Togo.

Tokio, April 11.—Vice Admiral Ro stvensky's second Pacific squadron not been reported here since it sed Singapore. Its whereabouts d the plans of Vice Admiral Rojest nsky are subjects of the keenest neral speculation. It is quite gen ally assumed that Vice Admiral Ro stvensky does not desire an immedi e battle and that he will attempt to ach Vladivostok where there are ocks and shops or seize a base. The tter course is deemed unsatisfactory n account of poor facilities and the anger of political complications.

Many believe that the Russian commander has a second rendezvous in the Pacific ocean and that he will speedily quit the China sea and go eastward of the Philippines. If Vladivostok is his object, the Pacific is considered to be more favorable for the accomplishment of his purpose, although it largely depends on Rojestvensky himself.

The Japanese newspapers and public express relief and pleasure over the approach of the Russian second Pacific squadron as wel as confidence n the ability of Admiral Togo's fleet to vanquish it.

Joy at St. Petersburg.

St. Petersburg, April 11.—The outburst of enthusiasm aroused in military and naval circles at the prospect of a sea fight which may change the whole complexion of the war, finds no echo in the liberal press which views with something akin to alarm even the remote possibility of a turn of fortune which would strengthen the government at home.

The Chauvinistic organs, however, are filled with long articles discussing Admiral Rojesventsky's chances, but they are based on the theory that the whole squadron has reached the China sea. The Novoe Vremya highly commends the admiral for having safely accomplished the difficult feat of bringing the squadron through, declaring the die is now cast. The Bourse Gazette manifests undisguised pleasure at the scare in British shipping circles and the flurry in insurance rates produced by the sudden appearance of the Russian squadron of Singapore after the British had convinced themselves that the squadron would never go to the Far East.

"Japan," says the Bourse Gazette "now stands to lose the mastery of the sea altogether with the fruits of all her successes on land."

Newspapers express doubt as to whether a sea fight is imminent, expressing the opinion that Rojestvensky is likely to await Rear Admiral Nebogatoff and that Amiral Togo will retire closer to his base before accepting battle.

Strict orders have been issued to the officers on duty at the admiralty not to make public any portion of the long report which arrived here yesterday from Singapore.

Roads a Sea of Mud.

Harbin, April 11.—Information received at the Russian headquarters seemed to definitely establish the fact that only Chinese bandits under the leadership of Japanese officers together with some Japanese cavalry are operating westward toward the Tsitihar, the object being, apparently, to reach the railroad communications. There is, however, a real turning movement eastward of Kirin said to be under the command of General Oku. The roads have grown desperately bad. On the flat grounud there are seas of mud. Japanese proclamations have been issued giving the state of the roads as an excuse for the date of their entry into Harbin, having been changed from April 10 to April 30.

SATURDAY NIGHT'S CRIMES.

Learned Divine Gives Reason Why that Night is Selected.

Chicago, April 11.—Bodily and mental exhaustion after a week's work, is the reason ascribed by President H. C. King, of Oberlin college, for the fact that more crimes are committed Saturday nifht than any other nights.

Mr. King has authorized the pulpit of the Union Park Congregational church and preached on "How to make a rational fight for charact

"No man," he said, "has a right to ignore his bodily health, for at times of fatigue all the weaker points of the body and mind tend to come to the surface. It is, therefore, a matter of character that we have a surplus nervous energy.

"In times of mental fatigue the higher brain centers are the first to give way. The man who is fatigued is not so able to withstand temptation as the man who has an abundance of nervous energy in store.

"The fagged out man cannot be what he ought tobe. At times fatigue the man who desires to preserve his character must be doubly on his guard."

Other safeguards against evil suggested by the distinguished educator and writer were:

"Control of emotion.

"Diversification of attention from the immediate temptation to moral principles.

"Cleanliness in thought and statement."

EPIDEMIC OF MENINGITIS DYING.

New York Physicians Believe It Will Run Its Course by May 1.

New York, April 11.—Like the first plague of cerebro-spinal-meningitis which prevailed here in 1872, the present run of mysterious disease is dying out. Physicians express the belief that it will have disappeared by May 1. The only explanation obtainable is that a little sunshine and a few days of pleasant weather have accomplished that which baffled the medical fraternity.

The figures in the office of the registrar of vital statistics show that 83 persons the majority of them children, have fallen victims so far. The number of deaths last week was about 20 less than the week before.

At the various large hospitals it is announced that the condition of the patients shows more improvement than at any time since the epidemic began.

Charged Professor with Arson.

Fort Worth, Tex., April 11.—Professor J. R. Dunlap, who has been vice president of Jarvis college at Thorp Springs, Tex., has been arrested on a charge of arson. On the night of March 20 the main building of the college was burned. No lives were lost but neither was there any apparent reason for the fire. President Dunlap, who was formerly president of the college, was suspected, it is alleged and his arrest followed today. He is 52 years of age and has a family. President Jarvis, who lives in Fort Worth declines to make a statement.

GREAT BRITAIN'S TRADE IMPROVES

Income Exeeds Expenses By Fifteen Million Dollars.

COTTON CROP HELPS ENGLAND

Last Year There Was a Deficit—Large Crowds Fill the House of Commons to Hear Report of Lord Chamberlain and Chancellor of Exchequer.

London, April 11.—Budget day attracted a large crowd of members of parliament and visitors to the house of commons today and when the chancellor of the exchequer, Austin Chamberlain, rose to make his annual statement the house was well filled. At the outset Mr. Chamberlain put the house in a good humor by announcing the revenue of the year just clo exceeded his estimate by nearly 15,000,000 dollars, showing that the trade of the country had turned the corner and, whereas a year ago there was a heavy deficit there had now been established something more than equilibrium between the revenue and expenditures. Mr. Chambrelain estimated the expenditure for 1905-06 at $705,160,000 and the revenue of the existing basis of taxation at $720,000,000, leaving a balance of $14,800,000.

The tea tax is reduced by 4 cents from July 1, th edate on which the existing duty expires. There is a reduction in the income tax. Although 1904 began badly, said the chancellor, a bountiful crop of cotton had revived the Lancashire industries, shipbuilding showed signs of recovery and the iron and steel industry had slightly improved.

Nevertheless, while the country was on the road to recovery, it could not be said that 1904-05 had been wholly satisfactory from the view point of commerce and finance. There had been much pauperism and distress.

COUPLE DIE SIMULTANEOUSLY.

Had Been Married for Fifty Years. Die Together.

New York, April 11.—Playmates in childhood, bethrothed in youth, and man and wife for more than 50 years, Howar and Mary Hasbroueck died within a few hours of each other at their home in this city.

Both had been ill for several months. Rousing from the lethargy of his death bed, the aged husband feebly turned his eyes toward his life companion who was breathing her last almost within touch of his hand. He murmured her name and she answered. Then both lapsed into a sleep from which they did not wake. The husband passed away almost immediately Mrs. Hasbroueck lived seven hours longer, but did not regain consciousness.

Mr. and Mrs. Hasbroueck had been members of families prominent in the county since the early days. At a large gathering of relatives on the south side, they celebrated their golden wedding anniversary two years ago.

Artist Destroyed Portrait.

Paris, April 11.—Theobald Chartrain the famous portrait painter, describing the recent visit to the United States says a prominent American ordered a portrait of his wife to cost $5,000 and when it was completed the American praised the artistic beauty of the work but said it was not acorrect portrait of his wife. Chartrain says he suspected a plan to secure a reduction in the price, whereupon he took a palette knife, gave the portrait two cross slits, completely destroying it, and remarked: "That is the way I settle small differences."

Young Girl Marries Old Man.

New York, April 11.—Much surprise was expressed in New Rochelle when it became known that Thomas L. Denton, a rich retired merchant 79 years old, had married a girl 22 years old more than two months ago. The marriage was kept a secret. Denton's relatives are evidently not pleased with the match, as they would not talk about it except to confirm the marriage.

SHOE FIRM MAKES ASSIGNMENT.

Owners of Factory Where Explosion Occurred Voluntarily Assign.

Brocton, Mass., April 11.—The shoe firm of R. B. Grover & Co., of this city, at whose factory the disastrous boiler explosion of March 20, occurred, costing 58 lives and $250,000 property loss, has voluntarily assigned for the benefit of creditors.

The assignees are Charles P. Hall, of the American Hide and Leather company, Boston; Judge Warren A. Reed and Fred B. Howard, vice president of the Home National bank of this city.

Judge Reed, speaking for the assignees, said:

"It is impossible to give an adequate idea of the assets and liabilities. The assets consist mainly of the Emerson Shoe stores scattered throughout the country. The assignment is made to enable the firm to carry on the business during the current season. The action has nothing to do with the legal responsibility of the firm for claims growing out of the disaster."

It is explained that the action of the filing of the assignment papers, exempts the 22 stores of the company from attachments in case suits should be brought.

REPUBLICANS FORM ALLIANCE.

Senator Platt and Ex-Governor Black, of New York, Bury Hatchet.

New York, April 11.—The New York Sun, which for years has been friendly to Senator Thomas C. Platt, and has supported him in his efforts to lead the Republican party in this state, says today that an offensive and defensive alliance has been entered into between the senator and former Governor Frank S. Black. The Sun says:

"Senator Platt and ex-Governor F. S. Black, have had a long and very satisfactory talk at the Fifth avenue hotel. The meeting took place on Wednesday evening. Every effort has been made to keep secret the fact that they met and talked over the Republican situation in the state of New York. The news came out yesterday and William Barnes, Jr., chairman of the executive committee of the Republican state committee, Colonel George S. Dunn, ex-chairman of the state comittee, William L. Ward, Republican national committeeman for the state and Representative John D Wight, of Dryden, are aware that Mr Platt and Mr. Black have come to a satisfactory understanding."

NEW BATTLESHIP LAUNCHED.

Miss Rose Schaller Christens the Minnesota at Newport News.

Newport News, Va., April 11.—The battleship Minnesota was launched at the plant of the Newport News Ship building and Dry Dock company. The vessel was christened by Miss Rose Marie Schaller, daughter of State Senator Schaller, of Hastings, Minn.

Her maids of honor were Miss Constance Day, of St. Paul, and Miss Lillian McMillan, of Minneapolis. Governor Johnson was unable to attend and was represented officially by his private secretary, F. A. Day. The governor's wife was in the christening party.

Georgia Town Has Small Riot.

Gibson, Ga., April 11.—Gibson was yesterday afternoon the scene of a small riot, participated in by Jim and Pierce Kitchens, on one side and Town Marshal J. M. Swint, on the other.

Swint, who is also bailiff, had levied on some stuff belonging to one of the Kitchens boys, which was the cause of the row. Jim Kitchens and Marshal Swint first started fighting fist and skull. They soon fell to the ground with Swint on top of Kitchens. Pierce Kitchens coming up, joined in the fight, using the jaws of his knife on the back of Swint's head.

Presbyterians to Unite.

Nashville, Tenn., April 11.—The Cumberland Presbyterian headquarters in this city has received telegraphic advices that presbyteries at Tulare, Cal., and Bonham, Tex., have voted in favor of union with the Presbyterian church. This makes 51 votes for the proposition, which requires 58 to carry, with a number of presbyteries yet to be heard from.

PATTERSON TRIAL AGAIN POSTPONED

Prosecution Wants Smith and Wife As Witnesses.

ACTRESS APPEARS IN COURT

She Will Be Tried for the Third Time for the Murder of Caesar Young, Bookmaker—She Still Occupies a Cell in the Tombs.

New York, April 11.—Nan Patterson will be taken into court to answer the charge of murdering Caesar Young, the bookmaker, but it is not expected that the trial will proceed today. The district attorney will ask for a postponement on the ground that the case of the prosecution will not be complete until the arrival in this city of J. Morgan Smith and wife, brother-in-law and sister of the accused woman. The Smiths are now in Cincinnati, where they are contesting extradition proceedings.

Justice Gaynor has said that unless Nan Patterson is tried before May 1 he will admit her to bail. The district attorney hopes that before that date the Smiths will be in the jurisdiction of the New York courts.

The trial of Nan Patterson on the charge of killing Caesar Young which was to have begun before Recorder Goff in the court of general sessions today was postponed for one week upon request of the prosecution.

The postponement was granted on account of the fight against extradition being made by J. Morgan Smith and wife, who are now under arrest in Cincinnati, charged with conspiracy in connection with the case. The motion for a delay was strongly opposed by Abraham Levy, chief counsel for the defendant. In granting the postponement Recorder Goff said he did not think the defendant or public justice would be interfered with because of a week's delay. A special panel of 200 jurors has been summoned in the case, but only 143 of the talismen answered the roll call today.

Will Return But Not as Prisoners.

Cincinnati, April 11.—The J. Morgan Smith habeas corpus hearing is set for this afternoon. Both have expressed again their willingness to return to New York without extradition proceedings, but declared that it must be of their own volition and not as prisoners.

CORONER TO INVESTIGATE.

Broken Heart Is Believed To Be the Cause of Girl's Demise.

Chicago, April 11.—Coroner Hoffman today will investigate the mysterious death of Gertrude Jacobs, a pretty girl, whose heart had been broken because she had been unable to reunite her divorced wather and mother. Her lifeless body has been found lying face downward in her room in Jackson boulevard. In one hand was grasped a pencil and in the other a Bible, in which several passages on "love" had been marked. There was nothing to indicate the cause of death.

For 15 years the girl had sought to bring about a reconciliation between her father, a wealthy merchant of Mansfield, O., and her mother, who were divorced when she was 12 years of age.

All her efforts to reunite the little family had been in vain, and the trouble had preyed upon her mind until she had become melancholy.

Supreme Court Modifies Injunction.

Chicago, April 11.—The mandate of the United States supreme court in the case against the meat packers has been filed in the United States circuit court here today. The mandate modifies the injunction issued by the circuit court. In the opinion of the federal authorities here the mandate will not hamper the present grand jury in the work of investigating the charges against the alleged beef trust.

CITY ELECTION PASSED QUIETLY

Two Aldermen of Former Board Were Retained.

ALDERMAN LYNCH DEFEATED

Alderman Doig Retires by Limitation, and Alderman Benson and Hodges Will Fill the Vacancies—Pinkoson Wins Easily Over Opponents.

The municipal election for 1905 has passed off, and it was one of the quietest, most orderly, ever held here. There was no opposition to the ticket, except for marshal and alderman, and even among these candidates the rivalry was of the good-natured sort which exemplified the friendliest spirit.

The run made by Marshal Pinkoson was indeed a credit to the ability and popularity of that official, who has held the position in the past with such credit to himself and the city. While his opponents were good men and good citizens, capable in every way to fill that important office, the voters by ther ballots exemplified their confidence in Mr. Pinkoson, for which he should feel proud.

It will also be noted that H. E. Benson led the ticket of the six candidates for aldermen, which should be gratifying to Mr. Benson. He has served the city as an alderman before, and so well did he perform his duty that the people were willing to risk him again.

Every candidate for alderman was a good citizen and competent man, and it was a source of regret that two of them had to be defeated. Alderman Lynch, who failed this time of the required number of votes, has proved himself worthy of the honors of councilman for the past two years, and his friends were a bit surprised that he should have been defeated at this election. However, the defeat was only by a few votes, and was no reflection upon the public character or public acts of the man. Aldermen Taylor and Cushman, who have both been members of the council for two years and have served the city well, are retained, while Dr. Hodges is a new man. He is a man of integrity and high honor, however, and it goes without saying will fulfill his duties in a manner becoming his station.

All other officers on the ticket were elected without opposition. This was a compliment to these gentlemen, who have been faithful and efficient in the discharge of their various duties, and it is assured that they will in future look after the city's welfare with equal, if not increased vigilance.

The Result.

Following was the result of Tuesday's election:

For Mayor—W. R. Thomas 225.

For Marshal—C. Pinkoson 189, D. A. Robertson 82, R. A. Becker 31.

For Clerk and Treasurer—J. M. Dell 263.

For Tax Collector—T B. Ellis 267.

For Tax Assessor—W. M. Bradford 259.

For Alderman—H. E. Benson 187, A. M. Cushman 180, J. Harrison Hodges 174, L. C. Lynch 165, J. B. Padgett 136, W. B. Taylor 183.

Death of Young Man.

The Sun regrets to announce the death of Ernest Spence, aged eighteen, son of Mr. and Mrs. H. F. Spence, which sad event occurred at the home of his parents, West Mechanic street, at a late hour Monday night.

Deceased has been for several weeks a sufferer from consumption, but he bore his troubles and pain with patience, until death came to relieve him. While his friends realize that he has been relieved of suffering, they will be pained in his absence, as he was a true and loyal friend and companion.

Deceased was a member of the Methodist church. A short funeral service was held at the home Tuesday morning at 11 o'clock, Rev. I. J. Nixon officiating. The remains, which were accompanied by relatives and a few friends, were shipped to Newnansville on the noon train, where they were interred with impressive ceremonies.

The Sun, with other friends, extends to the bereaved family deepest sympathy.

OLD FOLKS TESTIFY.

VINOL WORTH $1000 TO A. BAKER

The Aged, and All Sons and Daughters of Aged People in Gainesville Should Be Interested.

Mr. A. J. Baker of 713 Locust street, Evansville, Ind., writes: "I believe there is no other medicine equal to Vinol for elderly people. I would not take $1,000 for the good it has done me. It makes strength for the aged as no other medicine seems to do, and invigorates the whole system. Vinol was first recommended to me for a bad cough, which I could not seem to get rid of. Vinol not only cured my cough, but it made me strong and well, and I enthusiastically endorse Vinol."

Mr. W. M. Johnson, our well known druggist, when interviewed in regard to this matter said: "We have never sold in our store such a wonderful vitalizer and strength maker for the aged as Vinol; it is nature's remedy for the sick, the weak and the aged.

"Vinol owes its virtue and great medicinal power to the fact that it contains in a highly concentrated form all the active curative properties of cod liver oil without a drop of the nauseating grease which characterizes old-fashiond cod liver oil and emulsions.

A. J. BAKER.

"Vinol acts first upon the stomach, toning it up, and enabling it to obtain from the food eaten the elements needed for rich, red blood, healthy body material and sound, steady nerves. In this way it repairs worn tissues, checks the natural deline of the aged and never fails to replace weakness with strength.

"In the strongest manner we unhesitatingly indorse and guarantee Vinol to increase the appetite, cure stomach troubles, give strength and renewed vitality to the aged, build up the run down, tired and debilitated, make the weak strong, cure chronic coughs, colds and build up the convalescent, or I will return to the purchaser every dollar paid for it." W. M. Johnson, Druggist.

This seemed a strong statement for a reliable druggist to make, and we think every person in Gainesville ought to take advantage of Mr. Johnson's offer; as, of course, he has a very wide knowledge of medicines, and what they will, or will not accomplish.—Editor.

ORTH GAINESVILLE HAD BIG MEETING

ayor Thomas and Attorney Davis Present to Discuss Charter.

HEY EXPLAINED QUESTION

ndeavored to Show Where the New Charter, Embracing North Gainesville, Would Prove a Benefit, But There Was Objection by a Few.

Pursuant to previous notice, Mayor . R. Thomas and Attorney Robert Davis of this city addressed a fair owd of North Gainesville citizens in e matter of the proposed extended harter for the city of Gainesville at e North Gainesville Hall Monday vening. While a great many of those ongregated could not be considered ualified voters, there were many who ere interested in the suburb and its elfare—many who were property wners, and a few who were earnest nd had accomplished a great deal towards the upbuilding of that community, present.

There were also quite a number of residents of Gainesville present who, although they had no voice in the meeting, just "happened along," being prompted by the interest in the matter; there were others, both residents of North Gainesville and Gainesville, who had no property, and merely attended for the prospective interest there might have been—and there was plenty of interest and fun before the meeting came to a close.

The meeting was called to order about 8 o'clock by Attorney W. H. Palmer, who explained its purpose—to discuss the advisability of joining with Gainesville in the matter of a new and extended charter.

Col. Palmer introduced Mayor W. R. Thomas, who in a short but very impressive address explained the advantage of the new charter, and declared that he thought it to the best advantage of Gainesville, and in fact all the territory embraced in the proposed extension.

Attorney Robert E. Davis addressed the meeting upon the same lines, speaking for an hour and a quarter. Col. Davis endeavored to be very explicit in his remarks, which it were difficult to misconstrue, and at the conclusion read a copy of the proposed charter by sections, explaining the same fully. He was interrupted two or three times, but being well versed upon the question and well posted upon this particular instrument, there was no delay or no hesitancy in explaining its every point.

At the conclusion of Attorney Davis' remarks there was a motion to adjourn, but unlike Barkis, the audience was not willing, and the motion was voted down without a dissenting voice.

There were several addresses by the citizens of North Gainesville, some fair and broad-minded, some "medium," some erratic.

It seemed that some possessed the idea that the people of Gainesville desired to twist the beautiful suburb of North Gainesville about their finger and make the people of that progressive burg slaves under the monarchy of a powerful municipality, while others contended that it would be best for the community. Among the latter were some of the best and most conservative citizens of North Gainesville, who have been residents of that section and have owned property there for many years; who are today the largest property owners in the suburb, and who have accomplished much by their influence and energy in building up the settlement to the position it holds today.

The result of the meeting counted for nothing save a general conglomeration of remarks, and at a late hour the meeting adjourned until Thursday evening, when the people of North Gainesville will meet at the hall and thoroughly dissect the copy of the proposed charter, section by section, line by line.

EXAMINATION TO BE HELD SATURDAY

Twenty-Three Applicants for Position of Rural Mail Carrier.

A CONVENIENCE FOR ALACHUA

First Rural Free Delivery Route in the County Will be Established Between Gainesville and Bennington in a Few Weeks—Others to Follow.

It looks as though Alachua county will soon enjoy the advantages of a free rural mail delivery sure enough It will be a reality instead of an anticipation, for an examination of applicants has been ordered to be held in this city on Saturday next, the 15th inst. This examination will be held in the council chamber, and will be conducted by Benjamin T Arnow, secretary of the civil service committee.

There are twenty-three applications, nine of whom are white. The examination will consist of orthography, geography, reading, arithmetic and writing. It is not a difficult examination, and the probabilities are that a majority will pass.

The position pays $720 per year, or $60 per month, and the carrier is required to furnish and provide for his own team.

A postoffice inspector assigned specially to the rural free mail delivery service visited Gainesville at the urgent request of Postmaster Arnow, Hons. W. G. Robinson and Henry S. Chubb and others several weeks ago, and, with the assistance of Postmaster Arnow and members of the postoffice force, succeeded in mapping out six routes. The inspector recommended that one route be established as early as practicable, with the result that applicants for carrier were advertised for. The first route to be established will be from Gainesville to Bennington, via the Paradise section, returning via the Arredondo or Beville section, making a round trip of about twenty miles per day, with the exception of Sundays.

As soon as the necessary petitions are secured, other routes will be established. All that is necessary to establish a route is the circulation and signing of a petition, requiring 150 names of those along the desired route. There is no route selected by the inspector which could not easily comply with this requirement.

A Dandy for Burns.

Dr. Bergin, Pana, Ill., writes: "I have used Ballard's Snow Liniment; always recommend it to my friends, as I am confident there is no better made. 'It is a dandy for burns.' Those who live on farms are especially liable to many accidental cuts, burns, bruises, which heal rapidly when Ballard's Snow Liniment is applied. It should always be kept in the house for cases of emergency." 25c, 50c, $1.00 bottle. Sold by W. M. Johnson.

The Supper and Bazaar.

The supper and bazaar given by the Helping Hands Society of the Presbyterian church at the opera house last night, and which opened at 5 o'clock, was well attended, a great many having secured an elegant supper there at a most reasonable price. The viands were served by the ladies in a most tempting style, and many were the good things comprising the menu. During the evening a number of fancy articles, donations from ladies of the various Presbyterian church societies throughout this and other States, were disposed of.

The ladies will continue the function this evening, and a cordial invitation is extended to the public.

NO SUBSTITUTE

has yet been found for cod liver oil. There are so-called extracts, wines and cordials of cod liver oil that are said to contain the active principles but not the oil itself. This is absurd on its face. You might as well extract the active principles of wheat and make bread with them. The best form of cod liver oil, that can be digested and assimilated most easily, is Scott's Emulsion.

Mr. and Mrs. M. J Ward of Micanopy are in the city, guests of Mr. and Mrs. J R. Emerson.

W. F. Leon of the Armour Car Lines, after an absence of two or three years from this city, is circulating among his friends again. Mr. Leon was quite popular during his sojourn here, and made many friends who are glad to see him again.

The Woman's Foreign Missionary Society of the Florida Conference, M. E. C., S., will hold its twenty-third annual session in Monticello, May 4th to 7th. Every auxiliary in the State should send a delegate. Send names to Mrs. J. H. Perkins.

J. N. Brown and L. L. Sanborn of Chicago, winter residents here, have gone to Windsor, where they will spend a short time. The former a few years ago acquired by purchase the valuable Griffin property on Newnan's lake, which is among the handsomest and most desirably located in the county.

F. M. Starratt of Fort George was in the city yesterday, having come on business with the United States land office. Mr. Starratt made homestead entry of a valuable tract of land in Duval county, on Sisters creek. It is said to be one of the most fertile tracts of that section, and will be used by the homesteader for farming purposes.

W. E. Dow has returned from Atlanta, where he was summoned Saturday by his brother, J. H. Dow, who was to have an operation for hemorrhoids performed. Mr. Dow states that the operation was performed Sunday, and friends of the patient in this section will be glad at the information that his condition is greatly improved, and the probabilities are that he will be out in a few days.

F. W. Sherman of Starke, one of the cleverest commercial salesmen in the State, is at the Brown House. Mr. Sherman was for several years a regular visitor to this territory, and was familiarly known as "Good Luck" Sherman, having been employed as traveling salesman for Good Luck tobacco. No salesman was ever more popular, or ever made more profitable sales, and those upon whom he was accustomed to calling got into the habit of looking for him at regular intervals, when they were always glad to greet him. He is now acting in the same capacity for the Florida Cigar and Tobacco Company of Jacksonville, and handles the Seidenberg and many other leading brands of cigars.

The Ocala city council is going to put the sanitary committee at work and clean up the city. There are other places within a radius of less than half a hundred miles of Ocala that would do well to appoint and put at work similar committees. And the time to get in the work is now. Delays are dangerous.

In order to get the trade of the farmers, merchants must bid for it. If a farmer once trades with you and you treat him right, he will come again. There is no reason why Gainesville should not draw the trade of every farmer for at least a dozen miles in every direction from this city. The Twice-a-Week Sun reaches nearly all of them. Invite them to your store through its advertising columns.

A gentleman from Kentucky, who has been to Cuba, says "Florida's best days are over." This may be true, but it is a hard matter to make a great many people believe it. Admitting that she may never have as good days in the future as in the past, so long as she can give us even as good, or bad weather as the past winter, and people who are invalids in the North come down here and live all winter without taking any medicine, who would have died if they had remained at home, will be seen coming to Florida again next season. Don't worry about Florida, colonel.

THE PANAMA CANAL.

There has been much comment regarding the Panama canal, and people are beginning to weary of the dilatory conduct of those who have been loitering and manifested a listlessness in the work. The personnel of the new canal commission as announced by President Roosevelt is such as to inspire confidence in the successful outcome of the undertaking, although past experience counsels withholding judgment until later developments make possible more accurate judgment of the individual and collective worth of the commissioners. Theodore P. Shonts, chairman of the commission; Charles E. Magoon, appointed governor of the canal zone, and Chief Engineer John F. Wallace are all thoroughly qualified for the task devolving upon them, while the four other members are men of ability.

The handicaps which existed have been wiped out; executive differences have been removed, and the inculcation of a spirit of co-operation made possible through the recent shake-up should be productive of good. The nation cares little who the individual is so long as he is capable of producing results. What is wanted is the construction of the canal, and the man or men who can accomplish this feat in the shortest possible time with the least possible expense are the ones most liable to retain public favor. In stating that they were expected to show results, President Roosevelt reflected the sentiment of the entire country.

So far as they succeed in this respect they will have justified their appointment and prove themselves worthy of of public commendation. Their failure will cause distrust of public management of the utilities of the country.

People who come to Gainesville are delighted with the appearance of the city, and the pure drinking water is one of the greatest attractions. With the present building boom, which seems phenomenal, the city must expand and new additions must be taken into the corporate limits. The people who come here for health want the conveniences of the city extended to the portion where they reside. In order to get them the charter must be changed. With the waterworks extended to these new additions, there is protection to health, protection to property from fire and an advance in real estate is sure to follow. There should be a united action for the welfare of our fair city, and no "knocking." Rather, give the town a boost.

There is considerable satisfaction left for the tillers of the soil in Florida, even if the orange crop does not prove as profitable as is sometimes anticipated. With a frost and disagreeable weather, we turn our attention to the growing of potatoes and realize a hundred dollars per acre from the crop, while the best farmers in the North would be glad to net half that sum, and at the same time be willing to pay $7.50 per ton for coal to keep warm eight months in the year. A man who can plant potatoes in Florida should never suffer on a farm of twenty-five acres.

BLACK HAND CAUSES DEATH.

Wife Confesses that Her Husband Killed Another Italian in 'Frisco.

San Francisco, April 11.—The wife of Pietro Torturito has confessed to the police that her husband killed Biaggio Vilardo at 736½ A Green street.

She says that on the night of the murder she was in an adjoining room when the two men began quarreling over some matter of which she is ignorant. She says that she went out and is unaware of what happened thereafter, although circumstances lead her to believe that her husband killed Vilardo.

The police also have learned definitely today that Vilardo was marked for butchery by the Black Hand band. This they learned from Pepito Benedetti, a cousin of the murdered man, who says he was warned to that effect. Mrs. Torturito has been arrested as an accessory to the murder.

Heiress Weds Poor Preacher.

Boston, April 11.—Heiress to $10,000,000, Miss Deborah Sayles, daughter of Frederick S. Sayles, the former cotton king of Rhode Island, has spurned two Italian noblemen for the love of the Rev. Frederick B. Hill, assistant pastor of the Congregational church in which the Sayles family holds membership. The wedding will be in June, and it is said that in addition to the ceremony bringing dismay to the two Italian fortune hunters it will bring sharp pangs to two young New York men of wealth, who had become fascinated with Miss Sayles' wit and beauty last summer in Europe.

Young Train Wreckers.

Grand Island, Neb., April 11.—Robert, Earle and Cecil Davis, brothers aged respectively 12, 10 and 8 years, and Sebastian Beach aged 10, were arraigned in court here, charged with attempting to wreck a Union Pacific passenger train. The boys went a short distance out of town and placed an obstruction on the track and sat down to await the arrival of the westbound train, which was due in a few minutes. The engineer saw the obstruction and stopped the train just in time to avoid a wreck. The train was running at high speed and carried a number of passengers.

WORMS

"I had for years suffered from what medical men called Dyspepsia and Catarrh of the Stomach. In August I purchased a box of Cascarets and was surprised to find that I "had 'em"—yes—a wiggling, squirming mass left me. Judge our doctor's surprise when I showed him thirty feet, and in another day the remainder (about the same length) of a tapeworm that had been sapping my vitality for years. I have enjoyed the best of health ever since. I trust this testimonial will appeal to other sufferers."

AIL SENTENCE FOR FRANK MEHLIG

cket Broker Given Six Months and a Fine of $500.

NEW TRIAL WAS DENIED

hlig Was Convicted of Knowingly elling An Altered Railroad icket—A Railroad Has Certain ights.

ix months at hard labor in the nty jail and a fine of $500, and in ault of payment of the fine, six nths additional in jail, was the sen- ce passed upon Frank Mehlig, the ket broker, by Judge Dodge in the minal court yesterday afternoon.

Frank Mehlig was convicted last ek in the criminal court of record "knowingly uttering and selling an ered, genuine railroad ticket." He s represented by Judge J. B. ristie, former solicitor of the crim- l court, and Col. Samuel T. Shaylor. e prosecution of the case was con- ted by N. P. Bryan, assistant nty solicitor, and Hon. D. U. tcher, attorney for the railway ket protective bureau.

s soon as the jury returned a ver- dict of guilty last week the defendant's attorneys moved for an arrest of judgment, and also moved for a new trial. Arguments on the motion for a new trial were begun last Saturday, but owing to the defendant becoming ill during their progress, a continuance was taken until yesterday afternoon.

Upon the case being taken up yesterday the opening argument was made by Assistant Solicitor Bryan, who was followed by Judge J. B. Christie. Every point in the case was gone over, Judge Christie arguing for the setting aside of the verdict and the granting of a new trial.

Hon. D U. Fletcher, for the prosecution, vigorously opposed the motion, contending that every requirement of law and rule of evidence had been observed in the progress of the trial, and that the verdict should stand and the motion for a new trial denied.

Judge Christie replied briefly to Attorney Fletcher's argument on some new points made in opposition to the motion, and the case was then submitted to Judge Dodge for consideration and decision.

Judge Dodge held that the prosecution had been conducted in every particular as required by law and the rules of evidence and that the verdict of the jury should stand. He denied the motion for a new trial, and ordered the defendant, Frank Mehlig, to stand up.

Upon Mehlig standing before the bar of the court he was asked if he had anything to say why sentence should not be passed upon him.

"Yes, Your Honor," replied Mehlig, "I have committed no crime, and don't see why I should be held responsible for another man's crime. Somebody gave that ticket to Pete Donelan and he sold it for pocket change."

In behalf of the defendant Judge Christie stated that was about all that could be said, for Donelan had admitted that he sold the ticket. He asked the court to be as lenient as possible, as the defendant is a man of family, and has been carrying on the ticket brokers' business under license granted by the city, the county and the State. Judge Christie pointed out that by granting such licenses to the city, the county and the State admitted the business of carrying on a ticket brokers' business to be legal, and that it was only since the Legislature of 1903 that any other construction had been placed on the law.

Upon conclusion of Judge Christie's remarks Judge Dodge proceeded to pass sentence as follows:

"Is is considered by the court that you, Frank Mehlig, be confined in the county jail of Duval County, Florida, at hard labor for a period of six months, and that you pay a fine of $500, and in default of payment of said fine that you be confined in the said county jail for a further period of six months."

Immediately upon the sentence being pronounced, Judge Christie gave notice of an appeal from the decision of the court to the supreme court of the State of Florida. Judge Dodge announced that sixty days would be given in which to prepare and submit a bill of exceptions.

Pending the perfection of the appeal bond was fixed at $1,000, and Mehlig was taken in custody by the sheriff while his attorneys were securing bondsmen.

The third count of the information, upon which Mehlig was convicted, was, in part, as follows: "That on the 8th day of May, 1904, the said Frank Mehlig did knowingly utter, publish and sell a certain altered genuine ticket and evidence of transportation issued by the Atlantic Coast Line Railroad Company for travel on that line"

The ticket in question was alleged by the railroad people to have been issued at Tampa for transportation to Jacksonville and return, and sold at a rate less than the regular fare for transportation one way only, and that it contained a contract providing that it was only good for a certain number of days from the date of issue. The purchaser of the ticket had signed an agreement to abide by the terms of the contract in consideration of the reduced rate at which the ticket was sold.

The evidence showed that one John M. Davis purchased the return portion of this ticket at Mehlig's ticket broker's office from Peter Donelan, a clerk of Mehlig's, and that the date of issue, the date of expiration, and the signature of the original purchaser had all been altered.

Peter Donelan, the clerk in Mehlig's office, who sold the ticket, admitted selling it, but claimed to be acting merely as an agent for Mehlig, and claimed that the date, May 3, 1904, was altered after he handed the ticket to Mehlig and before it was returned to him and disposed of by him. John M. Davis, the purchaser of the ticket, testified to purchasing the ticket from Donelan, and noticing, before he purchased it, that the date of issue written on the ticket was not the same as the date of the depot ticket office at Tampa, stamped on the back of the ticket. He said that he called Donelan's attention to this discrepancy, and was told to call a little later; that when he called again the ticket was sold to him and that it then showed that the written date and the date stamped on the back corresponded.

Handwriting experts testified that the written date and the writing in certain letters admitted to have been written by the defendant, Mehlig, was identical. No one saw Mehlig alter the ticket, therefore he could not be, or rather was not, convicted of forging the ticket, as charged in another count of the information, but he was found guilty of "knowingly uttering and selling a certain altered genuine ticket and evidence of transportation."—Jacksonville (Fla.) Times-Union, March 15, 1905.

Perfect Woman

You may have the Beauty of Perfect Health

The perfect woman is the woman who has perfect health. Beauty is more than skin deep. Beauty is as deep as pure blood and a perfect digestion. Especially is female beauty dependent on the perfect health of the delicate female organism.

If you wish to have the beauty and attractiveness of perfect health, if you wish your eyes to sparkle, your complexion to resume its brilliancy, and your whole body to thrill with the glow of renewed vitality, take that famous woman's medicine,

Lydia E. Pinkham's Vegetable Compound

If you have headaches, backache, organic pains, painful or irregular monthly periods, any womb or ovarian trouble, begin with Lydia E. Pinkham's Vegetable Compound at once. It will save you needless suffering. It will restore your womanly beauty.

Dear Mrs. Pinkham:—Lydia E. Pinkham's Vegetable Compound cured me of a severe and protracted case of ulceration of the womb. I had twins, but lost one child. After their birth this trouble began, but your Compound restored me to perfect health. My little girl is now six years old, and I am a perfectly well woman, and as happy as a mother could desire to be. I give the entire credit to Lydia E. Pinkham's Vegetable Compound.
Mrs. S. R. Beckman, Cor. Murphy Ave. & Whitehall St., Atlanta, Ga.

No woman, were she a Venus de Milo, could continue beautiful with a dragging down female complaint. Mrs. Pinkham invites all sick women to write to her for advice. Many have benefited by it.

DISCRIMINATING LADIES.

Enjoy Using Herpicide on Account of Its Distinctiveness.

The ladies who have used Newbro's Herpicide speak of it in the highest terms, for its quick effect in cleansing the scalp of dandruff and also for its excellence as a general hair-dressing. It makes the scalp feel fresh and allays that itching which dandruff will cause. Newbro's Herpicide effectively cures dandruff, as it destroys the germ that causes it. The same germ causes hair to fall out, and later baldness; in killing it, Herpicide stops falling hair and prevents baldness. It is also an ideal hair dressing, for it lends an aristocratic charm to the hair that is quite distinctive. Sold by leading druggists. Send 10c in stamps for sample to The Herpicide Co., Detroit, Mich.

Henry Lancaster of Mayo was in the city yesterday transacting business at the United States land office. Mr. Lancaster, who is clerk of the court in Lafayette county, was for four years tax assessor, and is a popular gentleman.

One of the handsomest flower gardens in the city is the garden of Mrs. Bradford, West Masonic street. This lady is particularly devoted to flowers, with the result that she has a variety of the most fragrant and beautiful in the city. There is great satisfaction in the possession of a yard which is admired by all who see it, and in her flower garden Mrs. Bradford has something that is admired by everyone.

Moriah church for the past three days having adjourned, the ministers and delegates from various sections of the State have returned to their homes. There were nearly three hundred present, and all were loud in their praise of the hospitality of the colored people of Gainesville, who did everything possible for their pleasure and entertainment.
